Thank you for purchasing this Fosmon product. For optimum performance and safety, please read this user manual carefully before operating and keep it for future reference.

Fosmon's dual charging station allows you to charge two PS5 DualSense controllers at the same time. Simply connect the type-C charging connector on your DualSense's type-C port, and drop it on the dock for a smooth charging experience.

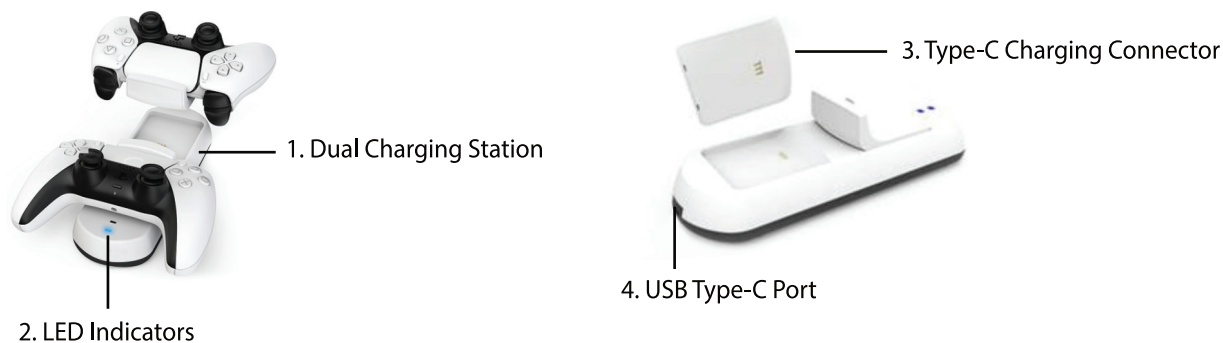

### Specifications

Input:	USB-C Port, 1.5A/5V
Output:	4.8V/750mA*2
LED Charging Indicator:	No Controller = No Light, Charging = Blinking Light, Full Charge = Solid Light
Charge Time:	3 Hours

### Package Includes

- 1x User Manual
- 1x USB-C Cable (3.3ft/1m)
- 1x Charging Dock
- 2x Type-C Charging Connector

## Product Diagram

## Charging Instructions

1. Plug in the USB type-C cable into the charging dock.

3. Connect the type-C charging connector to your PS5 DualSense's type-C port.

2. Plug in the USB type-A into your PS5's USB port (or other powered USB port).

4. Place your PS5 DualSense controller onto the charging station's dock.

## Notes

1. When connecting the type-C charging connector to the controller, make sure it is fully connected and clicks in.
2. If you are using another powered USB port instead of the PS5's USB port, then ensure there is power being supplied to the USB port through an outlet or other means.
